

Swimming Race Commentary

Expert Task

You are a radio commentator at a swim meet. Your job is to describe to your audience a 200-yard Freestyle race between three female swimmers. The graph below represents the race.

Write a radio commentary describing the race with as much detail as possible, including who is leading and when, who is speeding up, slowing down or overtaking the other swimmers, and the average speed each swimmer is traveling at different times during the race. Finally, you need to announce the winner and the other two finishers and their final times. Be as interesting and complete as you can be.
